

GIVING HEALTH

LAKE COUNTY FREE CLINIC

2023 IMPACT REPORT

Because of your support in 2023, Lake County Free Clinic has seen a year of incredible growth! In February, LCFC moved into its new site in Painesville. Since then, LCFC has resumed dental care after a more than three-year program suspension, launched additional evening medical clinics, and expanded care with new volunteers, including two dental hygienists, the Lakeland Community College dental hygiene program, two pharmacists, a diabetes educator, a cardiologist, and an additional orthopedic PA.

2023 at-a-glance

966 patients, including 445 new patients and 82 children.

3,677 appointments
3,096 medical, 108 dental, 470 case management

94.6% uninsured and without access to healthcare

94.3% under 250% of federal poverty level

Chronic conditions, like diabetes, hypertension and asthma, impact 48% of LCFC patients, and 62% of appointments in 2023 were kept by patients with these three conditions.

almost

\$1.16 MILLION

saved for LCFC patients in four areas, based on published costs:

- Level 1 emergency department visits: \$409,959
- Eight most common diagnostic tests: \$675,462
- Eye exam and voucher through Prevent Blindness: \$41,616
- Dental exam, x-ray and education: \$8,750

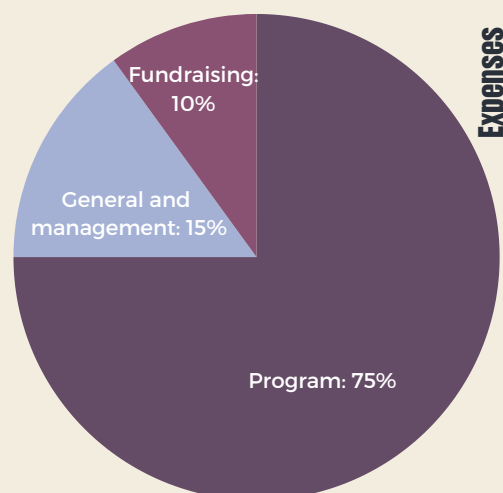

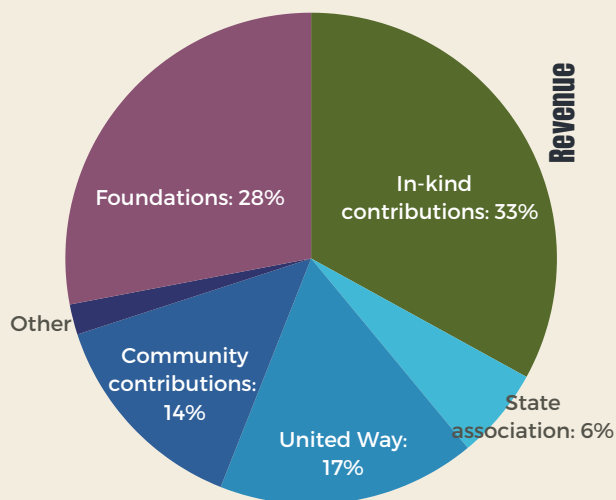

ABOUT LAKE COUNTY FREE CLINIC

Since 1971, Lake County Free Clinic has operated as a 501c3 non-profit, with the mission of ensuring access to medical, dental and case management care for uninsured and underinsured northeast Ohioans. Medical and dental appointments, labs, medical supplies and medication, education and more are provided at no cost to eligible patients through the support of United Way of Lake County, community members, foundations and others who believe everyone deserves quality, whole-person healthcare.
